G. CAROLYN (DWYER) MITCHELL 1945 -1993

Carolyn was born at home in Methuen, MA, to Joseph and Gertrude (Breen) Dwyer and lived in Methuen for her early years.

She graduated from Our Lady of Nazareth Academy in Wakefield, MA, attended St. Joseph College in Hartford, CT, and later received her Bachelor's degree in Education from Mount Saint Mary College, Hooksett, NH.

After teaching at the St. Augustine School in Lawrence, MA and Manchester-by-the-Sea, MA, she taught fifth grade for six years in the Exeter, NH, elementary school system at the Lincoln Street School.

Carolyn came to Brentwood in 1974 with her husband, Jack, and soon thereafter started a family. Son Chris arrived in June of 1976 and daughter Cara in July of 1982.

It was interest in her children's educations that initially led to her community activities: serving on the Brentwood School Board (Chair '92 - '93), Budget Committee, other SAU 16 committees, and as a volunteer at Swasey Central School.

Of primary interest to Carolyn in all situations were the people: family, friends, neighbors, Brentwood school and town officials, school boards and administration, students, Chemtan, friends from the leather industry, and more.

She was a regular communicant at St. Michael Parish in Exeter.

Today she is remembered in the spirit and with the words she requested, "She loved her husband, her children, and life."

Sincerely,

Jack, Chris and Cara

DONALD W. PAILES 1936 - 1994

Donald Pailes was born in Boston, Massachusetts on April 21, 1936. He attended Ipswich High School and earned a Bachelor of Science from Bridgewater State College in 1960. After serving in the Signal Corps of the U. S. Army for two years, he received his Masters in the Science of Teaching Mathematics from the University of New Hampshire in 1964. Following a year each at Winnacunnet and Portsmouth High Schools, he began a long and productive career at Northern Essex Community College. During his thirty years at that institution, Donald taught mathematics and computer science, served as Department Chair in Mathematics, and was elected to three terms as Chairman of the All College Council. Always a leader at Northern Essex, Donald was instrumental in writing the original constitution for the Council and as Chairman brought curriculum change and innovation to the college. In June of 1994, he was awarded posthumously the President's Award for outstanding service to Northern Essex.

Donald moved his young family to Brentwood in October of 1963 and served a two year term on the school board shortly thereafter. He leaves four children: Rebecca Pailes-Friedman of Brooklyn, New York; Aaron Pailes of Stow, Massachusetts; Dorien Keusseyan of Waltham, Massachusetts and Kathryn Pailes of Akron, Ohio. A grandson, Dakota Pailes-Friedman, a brother Kenneth and several nieces and nephews complete his family.

INDEPENDENT AUDITOR'S COMMUNICATION OF REPORTABLE CONDITIONS AND OTHER MATTERS

To the Members of
the Board of Selectmen
Town of Brentwood
Brentwood, New Hampshire

In planning and performing our audit of the Town of Brentwood for the year ended December 31, 1993, we considered the Town's internal control structure in order to determine the scope of our auditing procedures for the purpose of expressing our opinion on the financial statements. Our review of these systems was not intended to provide assurance on the internal control structure and should not be relied on for that purpose.

Under the standards established by the American Institute of Certified Public Accountants, reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control structure that, in our judgment, could adversely affect the Town's ability to record, process, summarize, and report financial data consistent with the assertions of management in the financial statements. A material weakness is a reportable condition in which the design or operation of one or more of the internal control structure elements does not reduce to a relatively low level the risk that errors or irregularities, in amounts that would be material in relation to the financial statements being audited, may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. Our consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might constitute reportable conditions and, accordingly, would not necessarily disclose all reportable conditions that are also considered to be material weaknesses as defined above.

During the course of our review, the following conditions were noted that we do not consider to be material weaknesses:

COMPUTER SYSTEM

Presently the Town is not fully utilizing all of the capabilities of the computer software system. The Town's records are maintained on a cash basis utilizing a nonstandard chart of accounts. We are pleased to report, however, that the Town has requested that we assist in converting the financial records to the modified accrual basis of accounting and to assist in converting to the NHGFOA Chart of Accounts.

PURCHASE ORDER SYSTEM

The main purpose of a purchase order system is to obtain proper approval on purchases over a certain dollar amount before ordering the goods or services. More often than not, it appears as though the purchase orders are filled out after the invoice for payment is received. We recommend that management enforce its present purchase order policy.

TRUST FUND REPORTING

Short-term capital gains "reinvested" are not being recorded as an increase to the cost basis of the various securities. The number of shares and the value of the securities as reported on the MS-10 are understated. In 1993, the value of the understatement for the short-term capital gains totalled \$1,841. We recommend that these amounts be recorded in the future.

Minor weaknesses or other considerations coming to our attention were generally procedural in nature and dealt with administrative or recordkeeping practices. In these instances, we made specific recommendations or provided instruction to those individuals involved during the course of our audit fieldwork. Areas discussed included:

- A. Establishment of a Conservation Fund as voted (Article No. 16 - 1992 Annual Town Meeting)
- B. Establishment of an expendable general trust under New Hampshire RSA 31:19-a as voted (Article No. 22 - 1993 Annual Town Meeting)
- C. Tax Collector - Statutory requirements on various notices relating to the tax lien procedure
- D. Treasurer - Certificate of Deposit under collateralization agreement
- E. Consideration should be given to abolishing resident taxes

Overall, we were generally pleased with the condition of the Town's financial records.

In closing, we would like to express our appreciation to those persons whose cooperation and assistance have helped us to achieve efficiencies in completing our audit.

This report is intended solely for the information and use of management and others within the administration. This restriction is not intended to limit distribution of this report, which is a matter of public record.

REPORT OF THE BRENTWOOD RECYCLING COMMITTEE, 1994

This year brought significant positive changes for the community's recycling program. The location of our Drop-Off Center changed from Route 125 to the Town Hall area off Dalton Rd. Although this move involved a lot of re-organizing work, our facilities now are more convenient, safer, and more used than ever! We give special recognition to the association of 72 dedicated volunteers who continued to monitor the Drop-Off Center through the transition- thanks for your perseverance.

We're encouraged with the healthy spirit of recycling in Brentwood, and are particularly proud of the cost-effectiveness of our program:

Curbside collection	Glass	=	37.0	Approximate Tonnages
	Newspaper	=	40.0	
	Alum. cans	=	3.5	
Drop-Off Center	Mixed paper	=	30.0	
	Plastics	=	2.5	
	Metals	=	14.0	

1994 Recycling Total = 127.0 Tons

Landfill tipping fees averaged \$51/ton, so \$6,350.00 in disposal costs were averted. This is a tremendous accomplishment, but 127 tons is less than 10% of the Town's solid waste generation. As a community we could achieve at least twice this, so increasing resident participation and adding to the number of recyclables accepted will be primary goals for 1995.

It is important to acknowledge that this program succeeds due to the voluntary donations of many good neighbors, young and old. Extra thanks go to Elizabeth Burt, who serves as our State-licensed solid waste facility representative, and to Clint and Betty Stevens for their assistance with scheduling.

Respectfully submitted,
David L. Roberts, Chairman

The Mary E. Bartlett Memorial has had a very busy and successful year. Circulation has increased significantly. A large number of new residents have found their way to the library, with a resulting increase in patrons to almost 1200. The new year will, hopefully, increase the number of staff hours to adequately serve the increased number of patrons, as well as provide the wider variety of services now requested.

A group of dedicated volunteers and the Friends of the Library have been invaluable with their many hours of service and donations.

The citizens of Brentwood, the library trustees and staff are very grateful to BOB Gilbert for many years as trustee, providing many hours of service and much wise counsel.

The new services of the State Library will enable Brentwood citizens to have improved inter-library loan, fax delivery of journal articles from over 400 magazines, and library access to the Internet. It is all very exciting!

The staff and trustees of the library welcome you to visit and take advantage of the services provided by the library.

PRINCIPAL'S REPORT

The Swasey Central School is involved in several all school projects this year which provide a central theme around which we are all united. Conflict resolution is the prime focus in all classrooms and in all areas of the school. We began the year with two workshops which taught us all a variety of strategies to use to minimize conflict and maximize cooperation. This is an ongoing theme throughout the year.

November was Native American Month and all classes celebrated this month in a variety of ways appropriate to the grade level. Some read Native American folk tales, some examined Indian artifacts, others studied an Indian tribe and two classes joined together to simulate the First Thanksgiving with Pilgrims and Native Americans present at the feast.

In January, we prepared a Multi-Cultural month in which each class focussed their learning on a particular country and then presented something for the whole school as a culminating activity.

In April, the whole school will focus on Earth Day and a host of environmental activities. This was a wonderful month last year as classes collaborated to beautify the grounds and plant a garden in the front of the school.

We have enlarged upon our awards presentations so that, in addition to our quarterly honors awards, we now recognize good citizens monthly and have added a Class of the Month award.

Extra-curricular activities continue. We offer after school sports two days a week for grades 4-6, Jump Rope Club for all ages which meets before school in the morning and, in January, Mrs. Oechsle began an Art Club which meets after school once a week. In addition, a Homework Club was initiated this year, giving our students an opportunity to complete their homework at school under supervision. This meets twice a week and is a big hit with parents. Between our activities and the many town activities which meet in this building, it often appears as if school is still in session at 4 p.m.

For the first time this year, our Holiday musical performance was a joint venture with East Kingston Elementary School. Both 5th and 6th grade choruses practiced separately and then, at the end, jointly to produce a wonderful evening's entertainment. We hope we will be able to do this again next year.

As always, we have had new additions to our staff. We welcomed Tanya Faulkner at the fifth grade level, Sheila Lane as our new Physical

Education teacher and two new part-time Special Education teachers- Carol Pipinias and Phyllis Philbrook. We are always happy to add new people to our staff. At the same time, it is always sad to see others leave. At Thanksgiving time, we were able to give thanks for Lucretia Ganley's eighteen years at Swasey School as we celebrated her retirement. The school will sorely miss Mrs. Ganley's talent and dedication to children and education. Stephanie Rand worked for a month as an aide in Mrs. Ganley's room before assuming the position of full time teacher.

Our ever-active Volunteer group is busy logging hours of work in and outside the school. They are an important part of Swasey School for, without them there are many things that could not be accomplished. They volunteer in classrooms, in the computer lab, in the library, in the school store and in the lunch room. They accompany children on field trips, do mini-lectures in classrooms, make materials and raise funds each year which are donated to the school for enrichment activities for our children. Again this year they won a Blue Ribbon from the New Hampshire Partners in Education.

In our effort to constantly find new ways to improve Swasey School, we formed two Ad Hoc committees this year made up of parents and teachers. The Kindergarten Study Committee worked through the summer and fall to prepare a proposal for a Kindergarten program at Swasey. The Computer Technology Committee worked through the fall and winter looking at computer programs in elementary schools and researching hardware and software in order to present a five year technology plan to the School Board

In summary, it has been a very busy year and we hope that the combined efforts of parents, children and teachers have produced a partnership necessary in providing a quality education for Brentwood's children.

In September, 1994, SAU 16 was pleased to welcome Chet Lee as the new Principal of the Kensington Elementary School. In addition, during the 1994-1995 school year, Bill Clancy has assumed responsibilities as Principal at EAHS in addition to his responsibilities as Superintendent of SAU 16. Kathleen Lynch is also working with the Exeter elementary principals in certain areas.

The SAU Joint School Board is studying the various options with regard to the overcrowding problem at EAJHS. The Joint Board will be receiving the final report from its consulting firm in mid-February. The Board will also begin a study of the near future overcrowding at EAHS. In 1998, the EAJHS enrollment is projected to be 1,041 and the EAHS enrollment is projected to be 1,304.

In 1998, the projected enrollment of the entire SAU is projected to be 5,023. These enrollments exceed the current functional capacities of our schools, and solutions are needed to accommodate our students. This issue is certainly the one dominant issue each of our communities faces during the last half of this decade.

In Stratham Memorial School, the school district has invested in new technology and has appointed a Technology Coordinator.

Other districts in our SAU are studying the implementation of Kindergarten programs, and in Newfields a building project is being considered to serve the growing elementary school population.

The SAU continues to function with a reduced administrative staff since the resignation in 1993 of an assistant superintendent.
